RTW Table with optional accessories.

### RTW Table

Use the RTW Table as the foundation of an efficient and ergonomically sound laboratory. The RTW Table helps you introduce more ergonomic and productive workstations into your lab. Add an Upright system to attach accessories above the worksurface, or an 18-inch deep Riser Shelf for storage of instruments and testing equipment.

Description	Surface	60" Width	72" Width
RTW, 30" Depth	Standard	Item 3005	Item 3010
RTW, 30" Depth	ESD	Item 3105	Item 3110

Description	28" Tall
Pedestal Drawer, 6-6-12"	Item 8570
Pedestal Drawer, 6-6-6"	Item 8574

Electric Station with optional accessories.

### Electric Station

Use the Electric Station for effortless electrically powered height adjustment. This table is ideal for laboratories with multiple shifts and testing that requires sitting and standing. Lab technicians are able to pre-set up to four table heights for quick and easy productivity. Add an Upright system to attach accessories above the worksurface for storage of instruments and testing equipment.

Description	Surface	60" Width	72" Width
Electric Stn, 30" Depth	Standard	Item 4205	Item 4210
Electric Stn, 30" Depth	ESD	Item 4305	Item 4310
Overhead Light		Item 8505	Item 8510
Power Rail		Item 8323	Item 8326

Description	Item Number
Upright System, 48" tall	Item 8535
Drawer Unit, 6"	Item 8605

C-Leg Series with optional accessories.

### C-Leg Series Workstation

Use the C-Leg Series to increase organization and ergonomics in your laboratory. Sturdy construction and modular design allows you to change your workstations as your research and testing needs change. Portable pedestal drawers fit under station for additional storage. Each unit is manually height adjustable to accommodate sitting and standing tasks. The supporting back frame is constructed with a vertical track for easy component attachment and accessory adjustment. This design maximizes available workspace and helps you to keep your worksurface uncluttered.

Description	Surface	60" Width	72" Width
C-Leg, 30" Depth	Standard	Item 1005	Item 1010
C-Leg, 30" Depth	ESD	Item 1105	Item 1110
